

# FRISK is alive!!!

To ØI is launching FRISK!  
An online service for fresh canned To ØI  
CPH beers direct from the BRUS Brewery  
canning line delivered to your door.

Visit [toolbeer.dk/frisk](https://toolbeer.dk/frisk) to receive notifications about what's currently being brewed, place your order and have your cans shipped on the same day they are tapped.

## How does it work?

You choose the quantities of beer you would like from [this order form](#), and pay securely via stripe. We'll email you, when your beers are being canned and ready to be shipped to your door. All you have to do is put them in the fridge when they turn up!

You can order in quantities of 6, 12 and 24 cans á 50cl.

Shipping costs 50 DKK to Danish customers, 60 DKK to Sweden and 100 DKK to the rest of EU. We are currently unable to ship to Norway and Switzerland - sorry guys!

## House of Pale

We are starting with our iconic House of Pale  
- a hoppy 5,6% pale ale that sold out during our can launch at MBCC.
